## Program- An Evening With Larry

The September meeting will feature a favorite...Larry Perry from Knoxville. Larry's programs are always entertaining, educational, often controversial, but always informative. He has presented at the HPS for the last several years to standing room crowds and this program is certain to be one so you may want to get there early.

Larry is an author of some 27 books, 6 on Photoshop, a nationally recognized nature photographer who had 2 magazine covers to his credit last year, a certified Adobe Photoshop instructor, a recognized photo contest judge around the country, a world traveler who has been to some 117 countries, and a whole lot more.

We call his program, "An Evening with Larry" because his presentations are widely varied and often include everything from nature and fashion photography, to how to make you images "Pop" with Photoshop, to how to judge your images for competition, to any number of other topics in the Photographic field. There is never a dull moment with Larry's programs as those of you who have attended in the past will attest. His topics are often unpredictable, other than the fact that everyone will learn from his presentations! Whether you are a newbie or an old pro, you will benefit from Larry's presentation. His programs at the Wilderness Wildlife Week each year are among the most attended and popular.

Interested in comparing your photo editing techniques to others?

If yes, read on. We're establishing a photo editing group for this exact purpose. There will be no judging or points or prizes. The idea is that everyone starts with the same image and improves it to the best of their ability. All participants will start with the same image. I will use an email list to notify people when a new starting image is available. They

## From the President

Believe it or not, we didn't have any hiccups this month in our program or our competition. I hope this doesn't mean next month we'll have twice as many issues! Our program in August was presented by our very own Andrea Shetley. She showed us all of her tricks on getting great macro shots. Well, maybe not all, but quite a few. With our creepy bugs competition coming up, we all have reasons to practice what she preached. Thank you Andrea.

For our competition topic we had "Open" with our judge being Cyndi Hornsby. After reviewing our 2009 survey results, one thing was pretty constant among the responses: We want more feedback by our judges. I asked Cindy to do this and, wow, did she. Whether one agrees with her views or not, I think most would admit that she did a great job explaining what she liked and didn't like as she made her selections. Remember to check out her website:

[www.chornsbystudio.com](http://www.chornsbystudio.com). Thank you Cyndi.

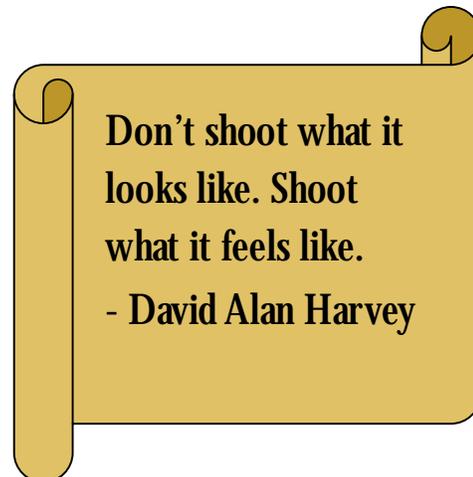

We are reviving our mentoring program. If you feel you could help a novice photographer, please contact Jerry Green ([gofish80@comcast.com](mailto:gofish80@comcast.com)) and let him know what kind of help you would be willing to give. If you are a new photographer and would like a little one-on-one time with a more experienced photographer, contact Jerry and he will try to pair people up together.

More online fun is coming. We have plans to start two online activities for our members. The first is a way members can submit photos and get feedback from other members. The second is a photo editing group that will help sharpen everyone's post processing skills. Watch your email for details.

As always, if you have any suggestions or concerns about HPS, please contact me. The results from the survey taken earlier this year are now on our website ([www.HuntsvillePhotographicSociety.org](http://www.HuntsvillePhotographicSociety.org)). The board has been reviewing the results and is looking into ways to improve the organization.

will download the image from the web, modify it, resize it, and email it back. I will post all responses on our digital competition website ([www.HPSphotos.smugmug.com](http://www.HPSphotos.smugmug.com)) along with the original image.

### Questions & Answers

=====

Q. Who can participate?

A. Any HPS member.

Q. Where will the initial/starting images come from?

A. Participants will be asked to submit one of their own images to start with. I will select from this pool of "Starting Images". Once all images have been used, I'll request another batch from the group.

Q. What format will the starting image be in?

A. To ensure the best photo editing work, I would like to allow and encourage starting with RAW files. But since not all people will be able to handle all formats of RAW, I would like to have two versions of the starting file (full sized JPG and RAW). Participants can choose which they would like to use. We may also use DNG format for those that are familiar with that. The starting image will be placed on a website and users can pull down whichever format they prefer.

Q. How do I submit my modified image?

A. Images will need to be resized and saved to max size 1280 x 1024 pixels, 8 bits/channel, JPEG file and emailed to a new email address ([HPSphotos@knology.net](mailto:HPSphotos@knology.net)). 1280 x 1024 should fill MOST monitors and allow the best evaluation of everyone's editing jobs.

Q. How many variation may I submit?

A. ONE.

Q. How often will a "Starting Image" be sent out?

A. Don't know this yet? \_Probably\_ once a month.....initially.

Q. How soon does the modified image need to be returned?

A. 2 Weeks.

Q. Do I have to use Photoshop to edit the image?

A. NO!!! Use any and all tools that you like.

Q. Am I limited on how I change the image?

A.NO....with one exception. Do anything you like: crop, rotate, swirl, clone, smudge, sharpen, blur, etc. The only thing I ask is that you don't ADD items from another image.

Q. Does this affect the monthly competition in any way?

A. NO. This is purely for fun and has nothing to do with the monthly competition.

Q. Who "owns" the images?

A. Obviously the submitter of the original owns the original. The modified images are not owned by anyone. If you do the modification, you may NOT use the image in any other way without permission of the originating owner. If you own the original, you may NOT use the modified images without permission from the modifier. The originator is free to try to re-create any of the modified images him/herself.

Q. What guarantees do I have about the images?

A.NONE. I will put the standard disclaimers on all pages that the images cannot be used without permission. I have no way to stop theft or enforce that members follow the above rules. If an image is that important to you, don't submit it.

To START:

Send email message

to [HPSphotos@knology.net](mailto:HPSphotos@knology.net)

Make subject: "PP photo sign up"

I'll add you to the email list. If your submission for the starting image pool is less than 5 Meg, you can include the image in the email. If the image is larger than 5 Meg, I request that you bring the image to a regular club meeting on a CD or a thumb drive. If you are submitting a RAW or DNG file, please also create a JPG version using some basic settings so that everyone can use your image. I'll reply back with confirmation that you're on the list.

This is a very preliminary. Things may change after we start the process.

### Feedback Forum

We're establishing an area on our photo website, [www.HPSphotos.smugmug.com/FeedbackForum](http://www.HPSphotos.smugmug.com/FeedbackForum), where members can post any images that they would like feedback on. All members are welcome to make comments on any images. Please keep the comments constructive. You don't have to like every image but please be polite when making your comments. All comments should include your name. There is also a rating system built into the smugmug account. I encourage everyone to use it.

Suggested rating system:

5 stars: Awesome photo. Should win monthly contest

4 stars: Really good photo. Could win or place in monthly contest

3 stars: Image has potential. Could be really good with some work.

2 stars: Neutral. Neither good nor bad

1 star: Not my cup of tea.

Submission instructions will be e-mailed to members by mid September. For more info, contact Rick Kress at [rgkress@knology.net](mailto:rgkress@knology.net).
